

VETERANS ALL!

On Nov. 11, Veteran's Day, America honors its veterans.

From Chateau-Thierry to Omaha Beach, Chosin Reservoir to the Gulf of Tonkin, Kuwait to Kosovo, millions of men and women have served in the armed forces of the United States.

We have the utmost respect for all veterans, whether they bore arms or repaired arms, whether they fired cannons or cleaned cannons, whether they drove a truck or rebuilt a truck. No matter. They are veterans. And so are you.

We think of a veteran as a soldier who has "been there and done that" many times—and learned to avoid the pitfalls that trap many others. One who makes the tough jobs look effortless, because he or she is so experienced. One who does the job right, because slipshod work today could cost a life tomorrow. One who learned early that you should always do your best, no matter what job you're given.

We at PS especially appreciate the veterans of the preventive maintenance wars. You have saved equipment and lives.
